Independent Auditors' Report to management of Caspian Drilling Company LLC:

We have audited the accompanying consolidated financial statements of Caspian Drilling Company LLC (the "Company") and its subsidiaries (the "Group") which comprise the consolidated statement of financial position as at 31 December 2015, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The Company's 5% participating interest in Shemen License, joint operation acquired in 2013, is carried at the amount of the Group's share of joint operation's intangible assets of USD 8,102 thousand as at 31 December 2015 and 31 December 2014. In addition, there were accounts payable and accrued liabilities of USD 3,444 thousand on the balance sheet as at 31 December 2013 due under the existing arrangements under the Shemen License. In accordance with the agreement between the Company and Shemen Oil and Gas Resources Ltd these liabilities were released and respective gain was recognized in other income in 2014. We were unable to obtain sufficient appropriate audit evidence about the intangible assets of the joint operation as at 31 December 2015 and 31 December 2014 and other income for the year ended 31 December 2014 because the Group management was not able

to provide important supporting information about the financial position and performance of the joint operation. Consequently, we were unable to determine whether any adjustments to the consolidated statement of financial position as at 31 December 2015 and 31 December 2014 and the consolidated statement of profit or loss and other comprehensive income for the year ended 31 December 2014 were necessary.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the consolidated financial statements present fairly, in all material respects, the financial position of the Group as at 31 December 2015, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.
